CANADA AND AUSTRALIA**

INTRODUCTION VJEC

VJEC International Joint Stock Company was established in 2013, is a company operating in the field of consulting on labor export and study abroad in Japan and Korea. Currently, we are promoting Canada and Australia markets. Over 7 years of establishment and development, our company has constantly made efforts in perfecting the whole machine to achieve great achievements and become one of the **PRESTIGIOUS - RESPONSIBLE** units in the field of labor export and study abroad consulting.

- Consulting activities of studying abroad in Japan and Korea was started in 2013, VJEC has conducted Japanese and Korean language training for students who wish to study abroad in Japan and Korea, and also provides language training to provide high-quality personnel for Japanese and Korean corporations and businesses. VJEC is a place where dreams come true, supports and accompanies hundreds of students every year not only in Vietnam but also during their period of living, studying and working in Japan and Korea.
- Based on the built-up experience and potential, along with the desire to share more benefits with the community, bringing more job opportunities as well as life-changing opportunities for Vietnamese workers, our company has started to focus resources to develop and expand into the field of Japanese labor export consulting since 2016.
- After experiencing countless difficulties and obstacles in the past 4 years, VJEC now has a relatively stable network of Japanese customers

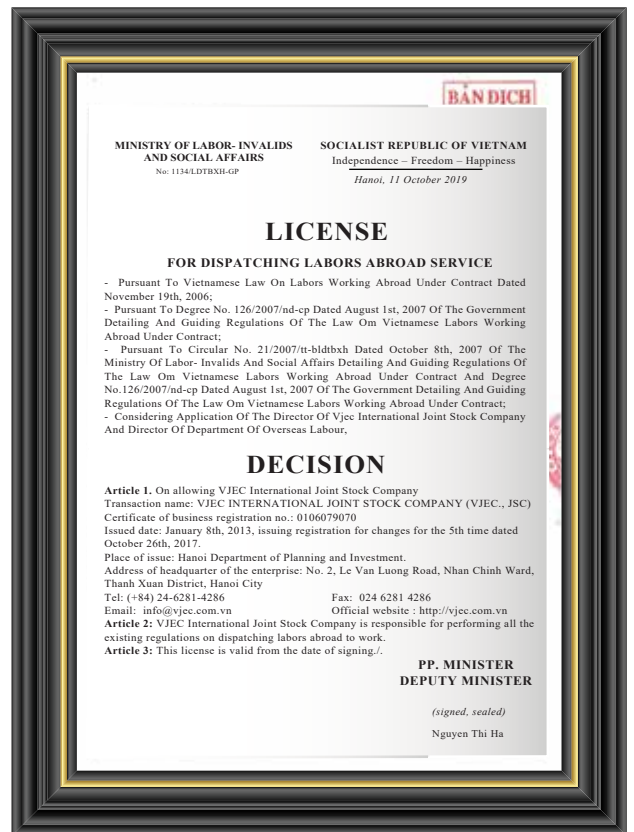

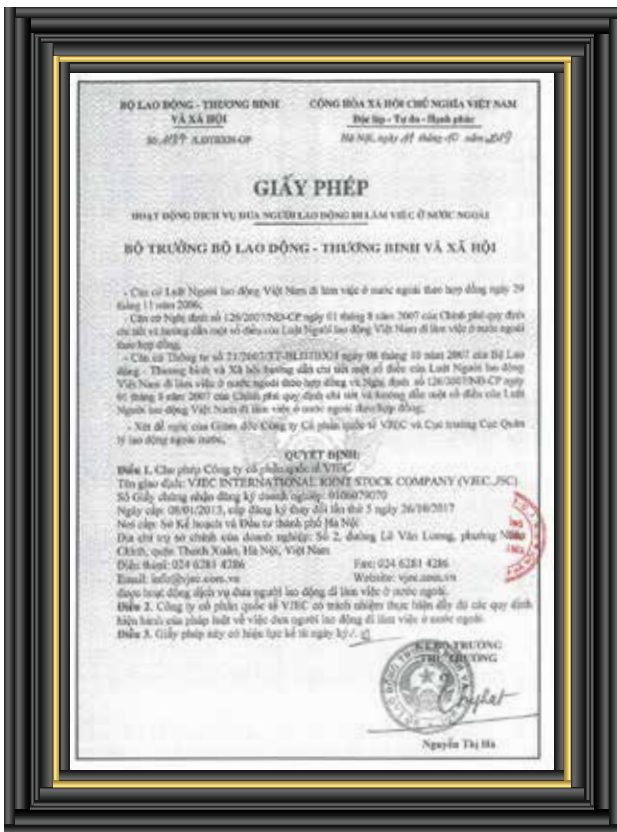

bringing hundreds of employees every year (over 300 people in 2018) to work in Japan in different occupations with good income, as a result, it has brought life-changing opportunities for thousands of local workers over the years.

- In the future, VJEC will try to make more effort to give wings to the dreams of workers and students in all regions of the country.
